FORMALS

Those nostalgic bridal portraits that your mother and grandmother had taken are back in style!

Formal studio wedding portraits are once more gaining popularity among current bridal couples in updated versions.

Buchman Studios is one on the very few wedding photographers in the Tri-State area able to take these special photographs and provide this service to you. Our studio has ample space to photograph 3/4 and full length portraits of the bride, bride and groom and the entire wedding party.

In addition, a large selection of props and backgrounds are available to enhance your portraits.

You may wish to consider formals when making your appointment and arrangements.
